

INTERNATIONAL SCIENTIFIC – PRACTICAL CONFERENCE

INNOVATIVE PSYCHOSOCIAL SUPPORT FOR THE CANCER PATIENTS AND FOR THEIR RELATIVES

INVITATION

The Parliament of the Republic of Lithuania with resolution (June 26th, 2014. Nr. XII-964) approved the program of the health of Lithuania for 2014–2025 years, that provides to increase the accessibility of health care services for the most vulnerable groups of people, by developing <...> psychosocial help services for the persons with oncological diseases (109.3 paragraph). **International scientific – practical conference „Innovative psychosocial support for the cancer patients and for their relatives“** seeks to direct attention of society to oncological patients and their relatives: we are searching the ways how to mitigate psychological, social and spiritual problems caused by disease, respond to them and challenges: to seek health support for oncological patients, to reduce the psychosocial factors, the negative impact of health conditions to life quality, autonomy and working capacity, also to reduce the social isolation of persons with oncological diseases.

Thoughts about psychosocial help for the persons with oncological diseases in conference will share the scientists, the trainees of social work, health care, pedagogy from Lithuania and foreign countries.

The conference will be 4th June, 2015 at St. Francis oncology center, Savanoriu st. 4, Klaipėda. The start at 10 am., registration 09.30 am.

To register, click this link: <http://bit.ly/1Ds2mb8>
